Mt. Holly Meeting POSTPONED!

Tonight's meeting at Mt. Holly has been postponed to allow us to schedule a better meeting where we will have more time to discuss the issues.

Hopefully, cooler heads with an eye toward the vision of trails on the site will prevail...

Sorry to pull the plug on this issue in the 11th hour, but a face to face with all interested parties will better serve the situation.

Thank you for your support of the Trailblazers and this important issue!
